Mélange

Two similar colors twisted together for increased depth and texture.

Potpourri

Solid base colors, each with a sprinkling of complementary colors.

Ombre

A gentle shading process creates a gradual color shift from light to dark.

Multicolor

Bright, variegated combinations create dynamic striped effects.

MADEIRA Display Units

Plan your own furniture layout:

The MADEIRA modular display system fits into any shop and solves even the most difficult space problem.

RAYON 200 m / 220 yds

Rich vibrant and color-fast colors with an unmatched consistency throughout the two sizes of spools available. With the smart size 200m/220yd spool your customers can afford to buy thread more often and experiment with new colors and textures. With the super size 1000m/1100yd spool customers get the convenience of an uninterrupted supply of the most popular Rayon colors at an incredible price. The ideal size and shape for frequently used colors. Both spools provide dual thread locks and are neat and tidy to store. MADEIRA thread comes off the spool more smoothly and is specially designed to fit today's home embroidery machines.

Fabulously fluorescent colours, made for striking neon embroidery even highly visible in daylight. At dawn or when the weather is bad, embroideries made with Polyneon fluorescent colours have extremely high visibility. Ultra violet light, like in bars and discotheques highlight Polyneon's remarkable fluorescent effect.

Polyneon is your first choice when you need a resistant thread for embroideries on frequently washed textiles. A strong thread perfect for machine embroidery, quilting, decorative stitching and appliqué. Polyneon colours remain brilliant even after repeated exposure to sunlight, chlorine and washing and add a radiant burst of colour to sports and active wear. The durability and strength of Polyneon resist abrasion and make it the ideal thread for hotel linen as well as safety and workwear garments.

Stunning and ever changing colours throughout the spool develop very impressive pictures on impressive embroidery. The Multicolor effect is manufactured with a complex colouring technology and provides a fascinating astonishing colour play within the same spool.

9467

8200

LANA No.12 is the first wool embroidery thread which creates soft, fluffy or textured designs, such as animal fur. It is about three times thicker than standard weight Viscose, Polyester or Cotton threads. The recommended needle is size 100#16. LANA is ideal for use on medium and heavyweight fabrics such as wool, linen, lightweight denim.

Once a design has been stitched, the LANA brush can be used to create the lovely soft, fluffy texture required, Art. 9467.

RAYON

Rayon No. 40 is the most renowned machine embroidery thread made from 100% Rayon Viscose. The 18 spool practical Thread Box provides a convenient supply of the most popular colors.

8030

COTONA No. 30

Cotona No. 30 is a machine embroidery and quilting thread made from the best Egyptian cotton. Gives a natural and noble look to any embroidery design. Suitable for all household sewing machines.

8045

POLYNEON

If embroideries need to be fast to chlorine and require heavy laundering, Polyneon is the right choice. It is the perfect thread for professional clothing, sports and leisure wear as well as for towels or tablecloths.

8035

COTONA No. 50

Cotona No. 50 is the perfect thread for quilters who value high quality materials. It is made of extra-long staple, double mercerized Egyptian cotton and manufactured in Germany according to the most stringent quality and environmental guidelines.

8046

POLYNEON

Thanks to its colour fastness to washing and chlorine Polyneon is the ideal thread for heavy duty textiles that are washed frequently such as sports, children's and outdoor clothing. Even after frequent washing, the colours stay bright and luminous, and retain their brilliance.

8031

COTONA No. 80

Cotona No. 80 is a fine machine embroidery and sewing thread made from the best Egyptian cotton. A most precious thread for the finest of seams on delicate fabrics. Excellent for heirloom sewing. Suitable for all household sewing machines.

8020

SUPERTWIST

Supertwist is MADEIRA's exclusive "effect" thread used by famous designers and fashion houses everywhere. Its unique twist construction produces embroideries with a brilliant, luxurious and unique appearance which will impress everyone who sees it. Suitable for use on all home sewing machines.

8021

SMOOTH

Smooth touch and strong performance thanks to a new and elaborated twist construction. The strong Trilobal PES core is wrapped by a narrow metalized PES-foil and reduces the metalized proportion in the thread to only 25%. This makes the twist extremely flexible and gives the thread this unique smoothness.

8010

OPAL

Metallic "Opal" is a precious selection of 8 sparkling opalescent colors out of MADEIRA's exclusive Supertwist thread range. A festive and

shimmering metallic thread that comes to life with flashes of sparkle. Ideal for embroidery, festoon work, ornamental seams, and many other decorative applications on all home sewing machines.

8011

SOFT

Metallic "Soft" is a beautiful highlighting thread which looks just stunning. The secret to its appearance lies in the black viscose centre covered by a

soft and fine metallic polyester foil. Give your designs a really special finish by using Metallic "Soft" on your sewing and embroidery machine - it's suitable for all makes.

8012

CLASSIC

Metallic "Classic" is MADEIRA's traditional metallic thread for all sewing and embroidery machines.

It contains pure silver, which gives a rich and elegant sheen to all your work.

8013

SPECTRA

"Spectra" thread gives your projects a different dimension. Its holographic foil finish reflects light

from all around casting a spell over everyone viewing your work.

8015

MULTI

"Multi Color" is a high quality machine embroidery thread made from 100% polyester. Its extra ordinary dyeing process produces stunning and ever-changing

colors throughout the whole spool. Give a magical appearance to all your sewing with "Astro Color" - every embroidery will be a unique masterpiece different from any other.

8018

NEON

Fabulously fluorescent colours, made for striking neon embroidery even highly visible in daylight. At dawn or when the weather is bad, embroideries made with

Polyneon fluorescent colours have extremely high visibility. Ultra violet light, like in bars and discotheques highlight Polyneon's remarkable fluorescent effect.

8014

HEAVY METAL

"Heavy Metal" is the most hardwearing

metallic thread in the world! It can be washed at high temperatures (up to 95°C / 210°F) and is resistant to bleach and chlorine.

8019

SMOOTH

Smooth touch and strong performance thanks to a new and elaborated twist construction. The strong Trilobal PES

core is wrapped by a narrow metalized PES-foil and reduces the metalized proportion in the thread to only 25%. This makes the twist extremely flexible and gives the thread this unique smoothness.

AEROFIL Sewing and Quilting Thread

Don't compromise your quest for a top quality branded sewing thread on price. With AEROFIL, you are assured of high quality at best prices. Made from 2 ply premium Polyester core twist and manufactured to the highest quality standards including Ökotex environmental responsibility, Aerofil provides excellent working abilities on all machines.

Now is the time to look at your sewing thread collection. With the new 100m/110yds make-up, the comprehensive range of Aerofil is complete. Aerofil Sew All thread on spools sizes of 400m/440yds and 1000m/1100yds delights the dedicated hobby sewer, whereas the 100m/110yds make-up is perfect for small repairs. Aerofil Extra Strong is of highest tensile strength for heavier fabrics and rounds out the programme.

SEWING THREAD

Professional Storage for Sewing and Quilting Threads

Article No.	Product Name	Content of Box
8062	AEROFIL QUILT BOX AEROFIL, sewing thread including shoulder straps (no design CD included)	20 x Aerofil, 1000 m / 1100 yds 40 x Aerofil, 400 m / 440 yds 2 x Monofil 60, 1000 m / 1100 yds 1 x Monofil 40, 1000 m / 1100 yds

This remarkable box is a thread box and a thread rack at the same time! It holds colors separately and allows the spools to be easily removed and replaced, as each color number is printed in each thread pocket. This tangle-free system even has a thread cutter built into the handle. Box comes completely assembled and fully stocked. Follow the simple steps below to load and pre-thread up to twelve colors at one time. In minutes you're set to sew faster and easier with less down time for color changes.

8062

1.) Close the doors and stand up the box on its base to the right of the machine.

2.) Grasping all threads at once, clip ends to even using the built-in thread cutters.

3.) Thread machine with first color and begin stitching, repeat for each color. Thread should feed from right side of box, up and through guides, and directly into your machine.

4.) Rotate box to access second set of chambers on reverse side. Guides can be threaded from both sides if you are using both sides of box.

Monofil No. 60 is a fine and transparent sewing thread for invisible seams. Especially suitable to attach trims, pearls and ribbons.

Monofil No. 40 is transparent sewing thread of exceptional high tensile strength, perfect for a variety of applications, including machine quilting and hemming. Ideal for fine to medium weight fabrics and as an invisible bobbin thread when you don't want the thread to be seen.

Premium Overlock Thread

AEROLOCK 100% Polyester core spun quality

Article No.	Product Name	Colors	Spool Size	Pack of
9128	No.125 Overlock Thread	12	2.500 m / 2.734 yds Cone	4

For neat and long lasting overlock seams

Only use quality products for your creations! The most beautiful patterns and exclusive fabrics are wasted if the seams disintegrate after a few washes. With MADEIRA's new Aerolock premium yarn, you obtain neat and long lasting overlock seams. Aerolock is a top quality corespun thread and only this construction guarantees longevity even if the seam is frequently washed and heavily strained. Aerolock is sturdy and works perfectly on all sewing, overlock and coverlock machines.

READY TO HAND...

with the MADEIRA spiral pack and Thread Tidy. MADEIRA's method of packaging keeps the thread clean at all times. No knots or tangles when opening the pack. No wasted thread, every inch can be used. Color number retained until all thread has been used for ease of reference and reordering. The MADEIRA Thread Tidy keeps your MADEIRA floss organized while you save space. Use for color matching. With the MADEIRA spiral pack, you always pull your floss out the right way. So you can thread it correctly and stitch the right way every time you pick up your embroidery project. Plus, the spiral pack keeps your floss clean, new and tangle-free until you use it, even in the bottom of the sewing basket. You waste 25% less and use more of the rest.

SILK

Precious needlework deserves the best!

Pure Silk 4-strand Embroidery Floss, a treat to stitch with and the perfect thread to use for a precious stitching project or special occasion. Try Silk instead of Cotton Floss and see dreams come true adding a lovely soft and luxurious lustre to your stitching. Whether used for colorful variety or classical shade in shade embroidery, the high quality of this pure silk embroidery thread guarantees lustre and durability of precious needlework.

DECORA

Looking for lustrous embroidery in multicolor?

The high-quality rayon of Decora brings an illustrious and silky brilliance to your embroideries, making your favorite colors shine intensively. By daylight, Decora embroideries are immediately eye-catching, as the interplay of light and shadow transfers to the colors, transforming your design into a living artwork. Test the new multicolors and marvel at the stunning variety of embroidery variants. The effect comes automatically from the spiral package, without any need for changing the color. Combine Decora with Mouliné and make your embroideries a distinctive and unique masterpiece. Whether classical cross stitch, satin stitch or shadow embroidery – Decora is always worth a try!

MOULINÉ

MADEIRA's stylish 6 strand cotton floss is made from finest high quality long staple Egyptian cotton. Only this special Egyptian cotton guarantees the beautiful softness and lustre found in Madeira Mouliné. It is dyed by using processes that do not involve any carcinogens or banned AZO dyestuffs. The result is a superb quality thread which is fast in colour and fully washable to 95°C (210 F). Absolutely effortless to strand, Mouliné is a pleasure to work with and ideal for traditional needlework activities. Mouliné is the preferred choice for classical cross stitch, satin stitch, shadow embroidery, the number one choice for hand embroidery and smocking. Test the new multicolours and marvel at the stunning variety of embroidery variants created as the thread stitches out. Combine Mouliné with shiny Decora and make your embroideries a distinctive and unique masterpiece.

METALLICS

Use by itself or combine with other yarns, to create random highlighting effect in all needle arts and crafts. The fine quality of Blending Filament allows you to create elements of subtle light reflection. The rich metallic color of Cord brings definition to designs.

HEAVY METAL

The most abrasion resistant metallic thread for all needle arts and crafts. Highly durable, can be bleached and washed at highest temperatures.

HOLOGRAPHIC

Eye catching Holographic reflective thread. Strong enough to stitch alone or in combination with other fibers for stunning sparkle in all needle arts and crafts.

CARAT

Versatile flat braid for embellishments in all needle arts and crafts. Bends and twists without buckling. Sew or glue on to your project.

METALLIC PERL  No.10

Slightly twisted thread of subtle sheen will add glitz to all your needle art and enhances every crafts project. Excellent and very popular for special accents.

METALLIC MOULIN  No.4

Ideal for cross stitch work, as the individual threads of metallic Moulin  are of the same thickness as the non metallic Moulin .

(shade card No.104)

Creativity in knitting and crocheting starts with...

NORA

A metallized effect yarn for traditional crocheting. The high percentage of Viscose makes Nora soft and supple. Nora adds elegance to your creativity and is also perfect for hand and machine knitting.

LAMÉ

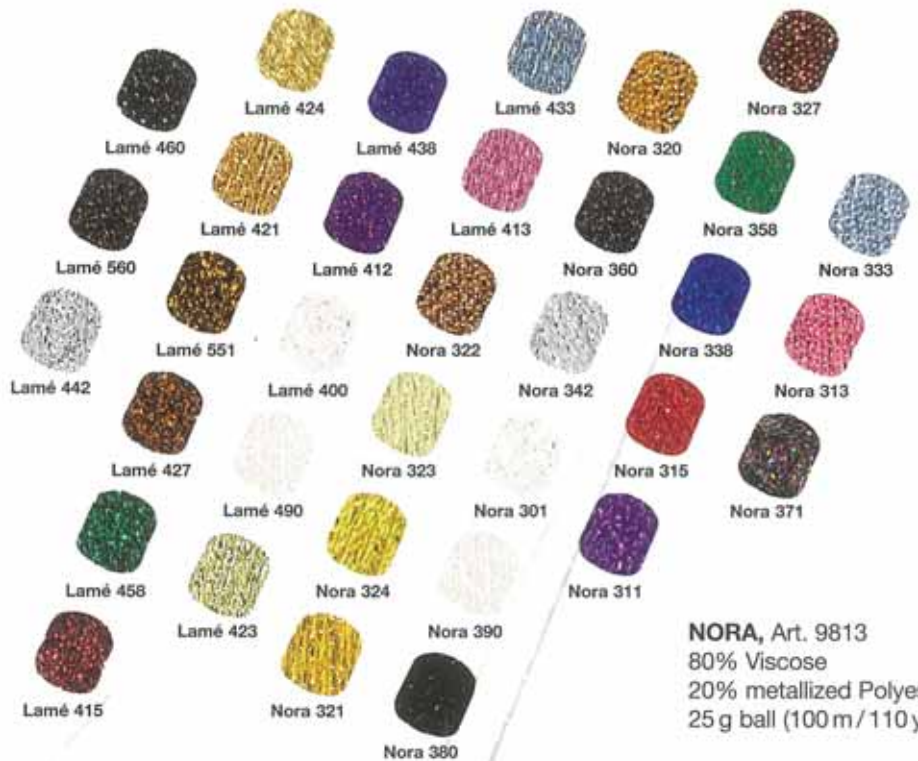

Produced using fine Bemberg filament Rayon which results in a soft, yet traditional metallized effect yarn suitable for festive crocheting and knitting. Lamé guarantees to meet the most stylish of requirements when knitted on its own. Lamé retains its shape and wears extremely well.

Stabilizer Display

You know how difficult it is to organize and display stabilizers? MADEIRA solves your problems with this compact display of 12 carefully selected premium stabilizers, each in its own informative, color coded pack. Here you find stabilizers for every type of embroidery, patchwork and quilting.

The space saving display holds three different types of stabilizer - Tear Aways, Wash Aways and Cut Aways - with four different weights in each group, everyone suitable for a wide range of different uses. Simple, easy-to-read pictures on the display clearly show how to use each type.

Each MADEIRA premium stabilizer is packaged in its own clam-shell "smart box" which keeps the contents in perfect condition, and protects the stabilizer from both dirt and moisture.

MADEIRA extends its range of creative embroidery accessories with this colorful counter display for MADEIRA Sprays - both of which are extremely useful and very necessary for all sewing, quilting, and patchwork projects.

Eye-catching, clearly presented, and compact, the MSA Display is the perfect way of displaying the sprays attractively and simply in one small space.

MSA1100 Spray Adhesive temporarily bonds fabrics and fibres together. It leaves fabrics fully repositionable and eliminates the need or pinning. An excellent aid for appliqué, embroidery, quilting, embellishment, stencilling, and general sewing. Ideal for positioning zips.

Highlight:

Each pack includes a guide with a detailed description for each needle.

The lifetime of titanium needles is up to five times longer than standard needles thanks to the extremely hard surface, especially around the eye of the needle and at the point. Damage to both fabric and thread is avoided and the best results in both embroidery and sewing are guaranteed, even under the most difficult conditions.

Wash-Away water soluble basting thread helps you avoid the frustration of removing basting stitches because it disappears with water or steam from an iron or damp press. It is a time saver for all kinds of basting, including basting zippers, hems, gathers, pleats, set-in sleeves, positioning pockets, fitting and quilting and appliqué. Important: Wash-Away dissolves in water, but not in dry cleaning solution. Store in a dry place such as a zip-lock bag or plastic wrap. Do not handle with wet hands.

Halloween adds an element of fun and safety to costumes or trick-or-treat bags with this glow-in-the-dark thread. Charge 'Halloween' thread with natural or artificial light for a few seconds. A new technology makes this thread glow in the dark, time after time, and much longer than other glow-in-the-dark threads. Popular with joggers, baby and children's items and any other design to show off at night. Machine wash-able and dryable. Works with all embroidery designs.

Smocking is a special thread which reacts to heat. The thread shrinks drawing an iron over the fabric slowly, while the fabric does not, causing the fabric to pucker in a controlled way. The wrinkled effects are beautiful and limitless. No special needles are needed, and shrink embroidery can be sewn on any type of embroidery machine. A regular household iron is perfect for this purpose.

Monolon is a fine transparent nylon thread, simply perfect for a variety of applications including invisible sewing, machine appliqué and hemming. Excellent for invisible sewing on ribbon, lace or decorative threads. Use for applications requiring blind stitch and the transparent Monolon thread will blend into the fabric.

Elastic accompanying yarn for reinforcing sleeves, collars and waists. Increases the resistance of all knits and prevents the unpopular sagging. It is transparent in use and therefore invisible in knitted garments. The easy-care material is machine washable - the elasticity is thus maintained even after repeated washing. Ideal for fashionable knitwear that needs more stability due to frequent wearing, such as fashion pulse warmers, leg warmers and headbands
